About Me

I'm Mohammad Rehan, a first-year B.Tech student in Computer Science and Engineering at NRI Deemed to be University, Agiripalli. I have an interest in technology, problem-solving, and web development. I enjoy learning new things and building simple projects to improve my skills. My goal is to become a skilled developer and contribute to innovative solutions in the future.

"Small steps every day lead to big results."

Skills

HTML	Beginner
CSS	Beginner
Python	Beginner

Education

NRI Deemed to be University

B.Tech – Computer Science and Engineering (CSE Core)
2025 – 2029 | 1st Year
Agiripalli, Andhra Pradesh

Projects

Personal Portfolio Website

A responsive personal portfolio built using HTML and CSS to showcase my profile and skills.

View Project →

Student Grade Calculator

A beginner Python program that calculates student grades based on marks.

View Project →

Responsive Landing Page

A modern landing page built using HTML and CSS with a mobile-friendly layout.

View Project →

Achievements

✓ Learning Python programming

✓ Exploring web development

✓ Building beginner projects

Hobbies

Playing Cricket

I enjoy playing cricket. It helps me stay active, develop teamwork, and enjoy my free time.

Contact Me

Feel free to connect with me for projects, collaboration, or learning opportunities.
